

## Thursday, 8 May 2008

### GENERAL – OPENING / BLOCK 1 [ ZEREMONIENSAAL ]

10:00	<p><b>Opening Ceremony</b></p> <p>"Welcome of the guests"</p> <p>DI Gernot Brandweiner MBA – chief executive VÖB</p> <p>"How does BIBM represent the interests of the precast concrete industry"</p> <p>Dr. Bernd Wolschner – CEO SW Umwelttechnik, President of BIBM</p>
	<p>"Lisbon strategy and Envi-ronmental care - Contradiction or completion"</p> <p>Günter Verheugen (asked) - Vice President of the European Commission in charge of Enterprise and Industry</p>
-12:00	<p>"Success drivers and visions in Central and Eastern European countries"</p> <p>Dr. Wolfgang Reithofer – CEO Wienerberger AG</p>
12:00-13:00	BREAK / EXHIBITION

### STANDARDS - CONCRETE / BLOCK 2 [ ROOM I ]

13:00-14:30	<p>"The European Construc-tion Product Directive"</p> <p>Vicente Leoz Argüelles</p> <p>DG Enterprise and Industry</p> <p>Direction I - Industries de la nouvelle approche, tourisme et RSE</p>
	<p>"Standards – burden or necessity for a competitive economy"</p> <p>Dr. Juan Carlos López Agüí President of CEN</p>
	<p>"Eurocodes – the evolution of a landmark in European Standardisation"</p> <p>Jean-Armond Calgaro</p> <p>chairman of CEN TC250 ; Ingénieur Général des Ponts et Chaussées</p>
	<p>"Product standards – a positive investment for the precast concrete industry"</p> <p>Michel Vallés</p> <p>chairman of CEN TC229</p>
14:30-15:30	BREAK / EXHIBITION

### SUSTAINABILITY - LIFE / BLOCK 2a [ ROOM II ]

13:00-14:30	<p>"Sustainable building and construction – a global challenge"</p> <p>Mr. Olivier Luneau,</p> <p>Lafarge group's Senior Vice President Sustainable Development and Public Affairs.</p> <p>Chairman: UNEP SBCI (Sustainable Buildings &amp; Construction Initiative)</p>
	<p>"Sustainability and the concrete producer"</p> <p>Sustainability – the approach in the UK concrete Industry</p> <p>Dr. Miles Watkins</p> <p>Director of Group Environmental and Corporate Social Responsibility of Aggregate Industries Ltd Chairman of the "sustainability committee" of "British precast"</p>
	<p>"Assessing sustainability of construction products: actual trends and alternatives"</p> <p>Univ.-Prof. Dipl.-Ing. Dr. Peter Maydl, TU Graz, Institut für Materialprüfung und Baustofftechnologie</p> <p>Austrian delegate CEN TC 350</p>
14:30-15:30	BREAK / EXHIBITION

**PARTNERS – NEEDS / BLOCK 3  
[ ROOM I ]**

15:30-17:00	The Social Dialogue Agreement “Respirable Silica Dust – chance or bureaucratic threat?” Dr. Michelle Wyart Remy Europe Secretary General “European Industrial Mineral Association” – IMA
	“The new EU chemicals regulations (REACH) and their consequences for the precast concrete industry” Eddy Dano, Managing Director of Fédération de l’industrie du Béton (FEBE), Belgium
	“Social partnership – the better way to solutions” Dr. Christoph Leidl President of the Austrian Federal Economic Chamber; President of SME Union Honorary President of Eurochambres Chairman of Global Chamber Platform

**TECHNIQUE – CONCRETE SOLUTIONS /  
BLOCK 3a  
[ ROOM II ]**

15:30-17:00	„www.miljobasen.no – environmental information tool developed by the Norwegian Concrete Society, - with partners” Per Jahren P.J.Consult AS
	“Industrial design of precast elements : Integrated data- and information flow from planning to construction site” DI Gunther Wildermuth, General Manger, Nemetschek Engineering
	Optimized production of precast parts within an integrated dataflow from design to construction site” Dr. Christian Hanser Managing Partner SAA Software Engineering GmbH
	“Future – mechanical engineering” Mr. Esa Enqvist

**Friday, 9 May 2008**

**QUALITY OF CONCRETE – CONCRETE SOLUTIONS / BLOCK 4 [ ROOM I ]**

9:30-11:00	“Concrete Structures - No limits for innovative construction technologies” Univ.-Prof. DI Dr.-Ing. Johann Kollegger, TU Wien; Institute for structural engineering
	“Enhancement of precast products by use of Eurocodes of concrete structures” Prof. Ing. Giuseppe Mancini, Politecnico di Torino, Chairman of CEN TC250/SC2 – Concrete Structures
	Univ. Prof. Dr.-Ing. habil Michael Schmidt – University of Kassel “Concrete of the future – high tech and sustainable”
	“New generation admixtures: Essential components for

**SUSTAINABLE BUILDING – LIFE and CONCRETE SOLUTIONS / BLOCK 4a [ ROOM II ]**

9:30-11:00	“VERTICAL STREET, or Kill your darlings. “KOB BEN” a sustainable a successful living quarter in Stockholm’s Hammarby Sjöstad. “ Göran Lundquist, Architect -award winning-researcher, author and president of CAN Architects AB
	“Concrete Vision – future living in concrete house” Linda Persson, project leader – Swedish female network in the Swedish concrete association
	“Concrete building solutions – sustainable and safe” Dr. Gösta Lindström, Strangbetong (Sweden)

	a sustainable precast concrete industry” Roberta Magarotto, Head of Technology and Development BU Admixture Systems Europe		
11:00-12:00	BREAK / EXHIBITION		

**CENTRAL and EASTERN EUROPE – CONCRETE SOLUTIONS / BLOCK 5 [ ROOM I ]**

**TECHNICAL SOLUTIONS AUROUND THE WORLD – CONCRETE SOLUTIONS / BLOCK 5a [ ROOM II ]**

12:00-13:30	“Technical Innovation – basis for sustainable development of “old” and “new” markets” Dkfm Andreas Kern, Heidelberg Cement AG, Member of the Managing Board; Europe -Central Asia; HTC Europe	12:00-13:30	“Precast from the other side of the world” Simon Hughes, Hollow Core Concrete Pty. Ltd; Australia
	“Multinational Management and Expertise - basis for sustainable development in “new” and “old” markets” Seppo Rajamäki, Consolis, Group Vice president, Baltic & Eastern Branch, Technological Functions		“Fire Safety Engineering: Balance between benefits and risks” Mrs. Fabienne Robert, CERIB; Head of Fire Section, Products & Systems Division
	“Regional enterprises – basis of sustainable development of the Middle and Eastern European markets” Marian Petre Milut President of Board of S.C. PREFAB S.A. President of National Union of Romanian Employers		“Evolution of materials – consequences for manufacturing precast concrete” Silvain Dehaut, CERIB; Développement Durable et Process
	“Paving markets in Central and Eastern Europe” Mag. Robert Holzer, CEO Semmelrock International		“Across the continents - Introduction of SCC in the “Painsa Group” Hugo Lasala R&D Manager, Grupo PRAINSA , ANDECE; Spain
13:30-14:30	BREAK / EXHIBITION		

**SUSTAINABILITY; MARKETS – SOLUTIONS / BLOCK 6 [ ROOM I ]**

14:30-16:00	“The little green book of precast concrete” Martin Clarke, British precast, chief executive
	<b>Handing-over BIBM presidency</b> Speech of new president: “Future chances and challenges for the precast concrete industry” Pierre Brousse, Consolis - Group Vice President, Southern and Railway Branch
